Mobile Commercial Kitchen Business for Sale NZ Wide

Fully Certified Kitchen Trailer | Mobile Across NZ | Ready to Run

Whether it is for a private function or a public festival, this trailer is suitable for all events and occasions.

The kitchen handles anything from fast food and takeaway to à la carte dining. A Sapiens G7SD LPG combi steam oven and a Blue Seal G516CLS gas cooktop give you range. A two-door glass fridge, 90L plumbed clean and grey water tanks and a GT Power inverter generator mean you can trade self-sufficiently wherever you set up. Ten electrical sockets let you arrange appliances to suit your menu, so you can trade straight away or put your own stamp on it.

The trailer is 7.5m long including the drawbar, 3m window, 2.5m wide and 3m high, with over 2m of internal headroom. It runs on a twin axle with braking and tows easily between sites. Gas and electrical certifications are current.

It suits summer festivals, weddings, private catering and market days anywhere in New Zealand.

A virtual tour is available on request. Enquire today for full details.
