Business for Sale Description

Wholesale Distributor Business for Sale Auckland

This wholesaler/distributor is: highly specialised, the market leader, enjoys exclusive distribution rights, and has the dominant market share dealing in largely consumable products.

They really don't get much better than this. If you have been looking for a super-safe highly profitable business as an investment or new endeavour, you need to inquire. We very rarely get businesses that tick all the boxes; easy to run under management, long history, consistent growth and profit, clean, simple and lots of growth potential. Equally suited to an investor, owner/operator (part or full time), or syndicate. If you are considering asset classes outside of property to invest in, this is exactly the sort of business you are looking for. With more than 30 years of operations and very genuine reasons for sale (retirement) it is the rock solid performer many are seeking. This would also be an outstanding foundation business for an industry roll up or the safe start of a portfolio of business acquisitions.
