Business for Sale Description

Internet and Gaming Cafe Business for Sale
Rosedale, Auckland

Please note this business is being sold as an entertainment business site with no intellectual property included in the sale.

Panda Internet Cafe has a premium location that is close to local high schools and Massey University. With 240 m² of space, a total of 45 game computers and other entertainment facilities (Texas Poker), this business is waiting for the next operator to take this business to the next level and build up a new North shore youth entertainment center.

(NZ border will be open for all visa holders from 31/07/2022, there will be a lot of students coming back, the business will be flying from then.)

Plenty of car parks in the evening and weekend will give convenience for all the visitors.
