Zones Landscaping Whanganui - enjoy the Spring / Summer rush!

Zones is a fantastic business opportunity, offering entrepreneurs the chance to scale a business while helping homeowners create their ideal back yard or landscape.

Zones was established in 2014 by Traffic group, following the global success of Refresh Renovations. It was designed to provide homeowners with a simple solution within an otherwise fragmented industry. Since 2014 Zones has gone on to twice win the "Best Emerging Franchise System Award" through the Westpac NZ Franchise Awards.

What makes a Zones franchise stand out?

- Zones are the first franchise business to specialise in landscaping on a national level
- Zones provides end-to-end project management using a proven 6 step process
- Every franchisee receives continuous business support from a large team of specialists
- Franchisees can expect ongoing training and 24/7 access to business manuals
- Zones is created by the same people who established the world leading renovation company Refresh Renovations

Currently looking for suitable Franchisees in Whanganui – the customer demand is high. We are looking to speak with potential franchisees who are business minded, customer focused and want to grow a valuable asset. No experience in the trades? No problem! The majority of our current franchisees are from industries outside the trades.
