

Industrial Manufacturing Business for Sale Hawkes Bay

Good Profits in Joinery & Furniture Manufacturing

Joinery & Furniture Manufacturing Business for Sale

Opportunities to own and operate a business like this don't come along very often in the manufacturing / retail sector. The Vendor's are in their 70's & It's time to retire, after 50 years of being in business.

This is design and build service for commercial (office spaces) and residential joinery projects in the North Island. It is also a retail business to some extent with a show room adjoining the large and spacious workshop. There are a number of attributes.

- * Lots of government and regional body customers
- * Very high tech with excellent machinery
- * Great staff who enjoy the tech and the processes
- * Fantastic high quality products
- * Vendor's own the building. Lease or Buy it.

This business has a high tangible asset value locked up in machinery and stock making it an attractive proposition to lenders and equity partners.

This would suite a person with a sound knowledge in the joinery industry. Maybe the next step. As it stands this is an owner operated business.
