Honda Bikes, Stihl Shop

Business for Sale Description

Honda Bikes, Stihl Shop Business for Sale
Taumarunui & Taihape

Opportunity

This is one of those businesses that seldom come to the market. The business sells market leading brands with the support of a large dealer network. Having management and specialist staff operating out of each high profile location creates an opportunity for a new owner to spend time planning and strategising on how to take this business to the next level.

This business sits in the heart of New Zealand's farming community who are experiencing a surge in confidence with the strong milk price forecasts, meaning this is an ideal time for a new owner to take over the reins.

Business Strengths

- Management structures in place
- Multiple products ranges and income streams
- Excellent Business with consistent Profits
- Internationally recognised products
- Part of a group offering superb support
- Growth potential
- Loyal trained staff
- Prime locations

Business Resources

Ideal Owner

The business will suit someone with good sales and management skills, and a desire to grow the Business.
