Culverden Challenge - Workshop Lease

Business for Sale Description

Rural Automotive Workshop Business for Sale
Culverden

Culverden - North Canterbury

Three Months Free Rent

Then low rent of \$1000 per moth for 12 months plus OPEX and GST

The Challenge Service Station has been Sold and the new owner is not wanting to operate the workshop.

An extremely generous package for an Owner/Operator to develop their own workshop business.

This work shop is located in the central business area of the Culverden township and presents as a substantial Workshop Building attached to Challenge Culverden.

It has been a long-established business, originally known as Mockett's Motors, serving the extensive surrounding farming community and travelers passing through on the busy main State Highway 7 between Christchurch/Hanmer Springs, the West Coast and north to the Nelson area.

This is a substantial workshop building with a minimum of 8, high stud bays, high entrance doors, large yard and storage.

Currently not operating, but presents the opportunity for a motivated person to acquire your own equipment and restart this operation with only the low-cost initial rental.

There is unlimited enquiry and scope for servicing, repairs, WOF's, tractors, 4X4's, tyre sales and puncture repairs, which can be pushed out to the currently untapped market of farmers and farm machinery repairs and/or sales.

Don't hesitate to call to discuss this great opportunity.
