### Premium automotive parts - Christchurch

Established 20 years ago it's time retirement.

Essentially selling the stock only, the Vendor will introduce a purchaser to a specialist overseas supplier providing ongoing access to highly competitively priced quality stock.

The Vendor has established a widespread network of customers throughout NZ, although primarily within the South Island.

This has been a small niche low profile operation with virtual no marketing.

This is an ideal opportunity for an existing automotive parts supplier seeking to expand into a new market with growth prospects.
