Business for Sale Description

Food Manufacturing Business for Sale Auckland

A premium "ready to eat" food manufacturer in Auckland with brands that are instantly recognizable. Normally food manufacturers sell for enormous multiples, but with additional capital being required to unlock the next stage of growth (limited space is the bottleneck for production) this business represents good value.

Very rarely do food manufacturers come to market that have long-term distribution relationships with all the major supermarket chains, but still with plenty of growth available. A genuinely exciting opportunity for anyone with experience in this sector. This would also be a fantastic add-on to an existing food manufacturer that had additional capacity. Rare as hen's teeth.
