### Business for Sale Description

Industrial Manufacturing Business for Sale Auckland

After 30+ years trading these two businesses are offered to the market in one transaction.

Currently managed by a husband and wife team, these businesses work side by side in a central Auckland suburb. Both businesses have the option to run under management with existing key staff. With a combined return to working owners of around \$800k there is plenty of scope for either owner managed or fully managed.

Both opportunities offer scalability. A proactive approach to marketing including online and social media would see immediate growth to these already successful businesses.

- These two brands dominate their market sectors with one being particularly niche supplying to a nationwide market.
- Enjoying 28 and 33 years trading, these brands are market leaders and rely on the strength of their longstanding reputations to produce their consistently high revenue and profits.
- Streamlined operations with documented processes and cross trained staff, these businesses are well prepared for a smooth transition and handover to new owner/s.
- Trading Monday to Friday (with occasional Sat), the businesses have long term and loyal staff.
- The vendors are pursuing their retirement plan, a genuine reason for sale.
