### Business for Sale Description

Mobile Coffee Truck for Sale Tauranga South

This business is a mobile coffee van (Ford Transit) fully kitted out for independent operation. (Lpg and electric operation, fresh water and grey water tanks, 1600W /240V Inverter.)

The coffee van visits a series of businesses each day of the week where loyal customers enjoy top quality espresso coffee.

We import single-origin speciality Arabica coffee from Uganda ([www.GorillaConservationCoffee.org](http://www.GorillaConservationCoffee.org)). It is truly great coffee coming directly to our customer's doors- they love it, (and it is helping to save the Endangered Mountain Gorillas).

A small range of food is also offered to supplement customers' requirements. Great potential for growth exists through weekend and special event work.

Full training is available as well as access to our specialty Coffee Beans.

Some finance is available to an approved purchaser.

### Business Resources

Equipment includes a dedicated Transit Van (2006) with Fracino LPG / Electric Espresso Machine.

Mazzer Mini Grinder.

Two Blenders for Iced Coffee / Chocolate / Frappes.
