### Business for Sale Description

Cafe for Sale New Plymouth

Emmalou is a cafe with a difference.

Located in the centre of New Plymouth on a high profile corner site with excellent foot traffic.

They offer an excellent range of traditional cabinet and a-la-carte food options with a great range of drinks as well.

Their point of difference though is their traditional handmade French Macarons that are sold not only in their New Plymouth shop but also shipped throughout New Zealand.

They have supportive customers who are very loyal to the cafe.

If you are looking for a cafe with a difference then this is the one.
