Hawke's Bay organic boutique winery

Business for Sale Description

Organic Boutique Winery Business for Sale
Hawkes Bay

Located in the celebrated Gimblett Gravels wine growing district of Hawke's Bay, this 4.077 hectare property is a boutique organic vineyard, winery, and cellar door, along with a four bedroom residential dwelling. Rarely does an opportunity arise to purchase such a prestigious label supported by excellent winemaking assets and vineyard.

The award winning brand produces some of the best premium wines in New Zealand. Being home to the countries oldest Syrah vines (planted in 1984) and Certified organic in 2013, these vines will reward buyers with fruit known for great concentration, structure, and tannin. The sale includes a long term lease on a nearby four hectare vineyard which has a long connection with the business.

This freehold going concern will appeal to those looking to enter the wine industry via an established and successful business and brand. Likewise, an established wine enterprise will see opportunities and huge value in adding the brand to its portfolio.
