

# Print Advertising Franchise for Sale Christchurch

## Coffee News Blenheim, Albany, Papakura, Manukau, Hawkes Bay & New Plymouth SOLD - East Christchurch, Dunedin, Wellington and Hamilton up for grabs!

This is a great add-on business for small businesses & Real Estate agents.

Real Estate agents in particular can spend \$8,000 to \$10,000 or more per year on advertising to keep top of mind of your audience. But people buy of people that they know and trust. This is achieved by building relationships and the story you tell, as well as by sales activity.

-Coffee News promotes your personal brand, builds trust in your local community with a consistent message that YOU control.

-Coffee News creates sales activity on an ongoing basis, resulting in listings & sales

-With a Coffee News license you position yourself as a connector in the community, which naturally builds trust with hundreds of business- and home owners by actually meeting these people on a regular basis.

-Coffee News creates a steady positive cashflow to offset periods of lower sales & listing activity in the early stages of your (real estate) career, so you can keep paying the bills in a tough market.

Only ONE exclusive license for East Christchurch and one exclusive license available for West Christchurch.
