

Hospitality Inventory Management Franchise for Sale Hamilton

One client already in place. License available on \$19,500+GST deposit with the rest vendor financed.

Bar-Pro is a highly profitable business designed for single operators and small teams.

Bar-Pro is a system-based service business, concentrating in the hospitality sector.

The Bar-Pro business consists of three key areas:

1. Getting clients. The sales part; you will need to be confident and be able to get out in front of potential clients to show them the benefits.
2. Audit. The process part; you will need to perform accurate assessments of all beverage products on a clients site. Our unique and advanced solutions make this a simple process.
3. Resolution. The client part; once you find issues that need addressing you will convey this to the clients management team, and help them fix the issues.

Our clients love our service - that's why most have stayed with us for more than 10 years.

Are you the right person to come on board and boost the business in the Waikato region? If you are then you will get an exclusive license for the region.

Business Resources

Work from home and onsite at your clients, all tools including Laptop, BarPro software digital scales included in License Purchase, Full training and IT support provided, POS material. Business cards and everything to kick off your new venture included.

Join a growing industry, Become your own boss and work the hours that give you a real work life balance. The license allows for you to bring in additional staff or contractors, so when there is too much for one person, others can help.
