

Lawn & Garden Service Franchise for Sale Auckland

Ready to Work for Yourself?

Dont go back to working 10-hour days plus commute time!

Live and work in the same community whilst building a business asset for yourself.

Matt & Sam have decided to put away the lawn mower and start their new chapter. If you're looking for an amazing business opportunity here in Auckland, you must check out their successful Green Acres lawn and garden business. Covering customers in Papakura, Clarks Beach, Manurewa, Mangere, Pakuranga, Howick & St Heliers, this business allows you to develop a flexible work schedule, enjoy the outdoors and work closer to home.

Some businesses can take a couple of years to make a return on investment, but with a Green Acres franchise you can build a fantastic lifestyle for yourself and earn what you need to earn from day one! Once you have completed training you can earn \$1,900 minimum per week with plenty of potential to go up from there.

Business Resources

Why join Green Acres?

- There's less risk than going it alone
- All the systems are ready to get you started with ease
- You'll get unlimited support to help you succeed
- Green Acres is a proudly kiwi owned brand with a great reputation so customers already know who you are

Investment of \$60,000
