

# Petticoat Lane Costume Hire Business for Sale Christchurch

## In the Limelight

First time to the market in 20 years. This iconic Christchurch business has forged its reputation as a premier costume hire in the industry nationwide. It offers an extensive range of quality costumes and accessories to hire. Many are custom made 'one of a kind' creations. An extensive variety of imported retail items complements the selection available.

The business has established a loyal clientele of repeat customers including corporate, schools, event managers, theatre companies as well as guests attending themed parties. As a sustainable business it is evident that more customers are seeking a hire/return practise in today's climate.

The high profile premises are located in the popular North West. The business is perfectly set up with purpose built racking and display fittings. There are spacious fitting rooms and dedicated laundry and sewing areas.

The Owner's continued passion has meant that no stone has been left unturned and every detail has been attended to including the creation of a bespoke computer system designed to manage all hire and retail sale transactions. The recognised branding is supported by the engaging website, Facebook and Instagram platforms.

The Owner is retiring from this exciting industry providing a fresh opportunity for new ownership to take over the reins.
