Hamilton - Strong cash flow

The business has a high-profile location and is in a must spend service/retail industry. With very few debtors and consistently strong cash flows, it is cash positive from day one. This business has been operating successfully for many years and will easily transfer to a purchaser with practical skills or mechanical skills. Sales around \$1,000,000 + GST and profits fluctuate between \$200k - \$300K, with plenty of upside.

The business runs as a branch of a proven franchise group providing extremely good systems and guidance, and training.

The business has a high level of customer satisfaction with most sales being to repeat customers who enjoy the convenience and price points provided, making the business recession robust. This is a rare opportunity, with owners in this group enjoying their businesses and owning for many years.

Training can be at another branch and on site. It ideally suits a customer focused purchaser with people management skills and practical ability. These businesses can run like clockwork. If you enjoy creating efficient systems and are prepared to get stuck in you will love this business.
