Type: **Services-Other**

Auckland Property Maintenance / Multi Income \$200K+ for Working Owner

SDE \$200,000+

Are you looking to step up in the residential - commercial property maintenance industry?

This business has been going strong for the past 11 years and is on track for a turnover above \$500K, with an income of \$200K+ for a working owner.

Key suburbs serviced include North Shore, Takapuna and Central Auckland with a focus on:

- Painting & Plastering
- Repairs
- Landscaping & Gardening
- Minor Building Works & Additions
- Handyman & Maintenance

The most profitable aspect of this business is its unique packages designed for 'Prepare for Sale' for private homeowners looking to sell their properties, real estate agents, developers, property agencies and managers in the residential space.

There is another website included in this sale as an added lead-generation business, which generates a third of the leads from a premium market, with a steady income generated, with potential for more.

With many developers and builders getting busy for 2024, there is a steady pipeline of work all year round coming for maintenance and finished jobs for commercial properties as well.

Due to personal circumstances, the current owner has decided to sell this highly profitable business at a very competitive price that cannot be overlooked. It should be very easy to arrange finance to purchase this business at this price, given the revenue and income growth so far.

Ideal buyers would be a husband-wife team, who are good with people and have a working knowledge of tools and property maintenance. The owner is happy to assist the right person, ample training and handover to ensure a smooth transition. Could also suit someone looking for a business to expand
