TRADE BASED BUSINESS
Auckland

Trade-Based Business. FY24 \$375,000 Profit & 80 Year Track Record

Built to last, an exceptional trade based business with an 80 year track record of success.

The current owner of the business is not from a trades background & the business would transition well to someone else who doesn't necessarily have trades experience. The business is run day-to-day by an ops manager, with a very experienced team that carry the product knowledge and the ability to sign jobs off. The owner's role can be quickly learnt.

This long-standing business has the reputation of being the best in the market, with a high demand for their services. The business has a great client list and anticipates a busy future based on current building regulations & demand for the skill set & product knowledge supplied to a diverse customer base.

Recruiting more experienced tradies would take this business to the next level.
