Part Time Franchised Service Business. Earn \$45k From 2 Days A Week...!

Part Time Franchised Service Business. Earn \$45k From 2 Days A Week...!

This homebased business is currently running on short hours to suit the owner however the potential to increase sales with a bit of simple cold calling is immense.

It is a franchise business that provides an essential TAG testing of small appliances service for clients including schools and businesses around Tauranga.

Consider these points.

TAG testing of electrical gear is mandatory for many work places and health & safety recommended for most others.

An easy sell to customers by pointing out their obligations and risks of not having their gear TAG tested.

All workplaces should have their appliances TAG tested but many don't. Growth potential is huge.

Once done it then becomes an ongoing follow up retest of either, one year, six months or three months

No electrical qualification is required. Full training and certification is provided by the Franchisor.

Mobile business that goes to the client making it simple and easy for the customer.

Current owner only works 2 days per week. Easily expanded to full time.

Current earnings of \$45k per year from just 2 days could be doubled or trebled with simple marketing...!!

Specialised testing equipment makes up the plant list. You just need a vehicle!

This is a superb little business that is ideal for anyone of either sex with a practical attitude. Could even suit a semi retired person wanting a top up income.

Don't delay as this will be sold.
