

Hose Doctor Franchise for Sale Auckland City

Earn an excellent income serving an established customer base in a secure business backed by a quality international brand.

This is an Enzed Hose Doctor franchise working with a variety of customers to build and maintain their vehicles and plant. The business involves repairing and replacing hydraulic hoses and fittings on trucks, earthmoving and roading equipment in both maintenance and breakdown situations. It also has a strong component of building hydraulic systems into new vehicles and plant. This is a mobile business giving the owner the opportunity to both work to their own schedule and provide the customer with onsite service. The market is strong and growing with a significant amount of industry based around hydraulic systems. With a growing city requiring continuous maintenance, development and rebuilding, the opportunities are real and constantly evolving.

Business Resources

The Enzed Franchise supplies all the stock, a well resourced workshop, computer systems and support staff who do all the invoicing, accounting, and provide technical support to Hose Doctors.

A Toyota van fully kitted out with stock racks and specialty equipment is part of the purchase price.

As a franchisee you are part of a team of fellow Hose Doctors who work together to both support one another and see customers' needs met.

Training is provided by Enzed.
