Precision Paving in Chch. Working Owner Profits of \$146,000+

Precision Paving was born back in 2020, from a deep-seated passion for creating extraordinary outdoor environments. Today, I'm delighted to unveil this highly successful business to the market.

Precision Paving offer a full suite of paving services and have cultivated a stellar reputation in the market after 4 years of providing their clients with unparalleled paving solutions and service. It is a highly profitable business and continues to achieve steady year-on-year sales growth.

This opportunity is tailor-made for those who have paving or civil construction experience and eager to step in as an owner/operator, however no specific experience is required. Alternatively, it would integrate seamlessly into an existing paving or complementary business. With a robust pipeline of upcoming projects, this turnkey business is poised for a new owner to take the reins, offering a gratifying experience working with clients from concept to completion and witnessing the final transformed spaces!
