

Civil Contracting & Drainage Business for Sale Auckland

Civil Contracting & Drainage

Specialist Subdivision Contractor - Auckland-based

The owner of this business has developed a reputation for quality, performance, and safety resulting in consistent profits and a solid customer base comprising leading developers, local body, and govt clients. The business is well diversified with a mix of services including civil construction, drainage, residential development, and machine/truck hire within Auckland and the upper North Island.

Key Features:

- FY23 SDE \$454K / Revenue \$1.567M
- Asset Book Value \$720K
- Contracts in place with industry-leading developers.
- Good forward pipeline of work including Housing NZ
- Large fit-for-purpose home base for equipment, maintenance, and office and negotiable lease.

This business is a turnkey operation with a proven track record of success established over the last 8 years. The owner runs a very cost-efficient business with contract specialists in place backed by a range of contract and permanent labourers/drivers. Providing civil contracting, drainage and hire services to residential and commercial clients, this business would suit an acquisition for growth, diversification, or an experienced contractor looking to scale up. The owner is looking to retire and is committed to a handover that would ensure a successful transition for new owners.
