Manufacturing / Home Based

Great opportunity to generate an income from home by making and selling online an established range of natural skincare.

Three Gems Natural Skincare has been operating since 2017. We make a range of anhydrous skin and body care products and have been selling online through our website, at the iconic Nelson Market each Saturday, and are stocked in several retail outlets.

This opportunity is for someone who has the desire to build an income by creating a natural product and to help others feel confident and look their best.

- Currently in Nelson but can be operated from anywhere.
- This business can be operated alongside an existing project or employment. It has huge potential for growth with the majority of current sales being repeat business.
- The products can be manufactured in a home kitchen, in a spare room or garage, or contracted to a manufacturing facility.
- Consistent best seller is the natural deodorant closely followed by organic face oils.

Business Resources

- Established website with all automations set up for easy order processing.
- Klaviyo automations and processes are set up for customer communication.
- Many positive reviews on the website, which are automatic using Yotpo.
- No specific qualifications are required. We can work alongside you and be available for ongoing support.
- An excellent walk-in and operate opportunity. Includes all manufacturing equipment, formulas and processes, market gazebo and accessories, office equipment, ingredients and packaging, extensive professional product images, and marketing material.

Vendor is motivated to sell to move on to her next project.
