

Great ECE centre with growth potential!

A great opportunity has arisen to acquire this mid-sized, well-managed Early Childhood Education (ECE) centre on Auckland's North Shore. The centre is strategically located making it convenient and accessible for the local families. The centre currently reports reasonable occupancy with a strong waitlist in place. The center has very well-established systems and procedures in place. All the hard work has been done to reap the increased benefits now!

- Licensed for circa 50 children
- Change in owners circumstances forces the sale!
- Well-qualified teaching staff
- Great entry-level centre for an owner-operator
- Centrally located in an in-demand area
- Consistent interest from the community for enrolment

Location: **Auckland**
