Type: **Manufacturing**

### Lightup Signs & Rocket Neon For Sale - Be Quick

Performing a key function critical to most aspects of the signage industry, this 33-year-old very scalable business based in Onehunga, Auckland, has multiple capabilities that completes the industry & enables their finished products to be both functional & look very good.

Currently run by the owner plus one staff member, this business is probably currently only working with less than 50% of the industry; & it needs an existing sign business; husband & wife team; or an entrepreneurial owner to take it over & easily take it to the next 3 levels or more.

With no direct sales function currently in the business, the longevity & excellent performance history of this business is continuing to generate its own workload on a daily basis. This creates an easy opportunity for a new owner to realistically awaken the business from its current slumber & grow the business to new heights - maybe throughout the North Island - perhaps even nationally and into the Pacific Islands.

An unexpected genuine health issue is forcing the sale of this business long before the current owner was ever planning to.

This business would be an absolute ideal add-on to an existing signage company to take opportunity to fully vertically integrate their business. In any event, light manufacturing experience would be an advantage but not completely necessary by any means as the expertise would remain in the business on the production side.

This business is definitely priced appropriately to effect a quick sale, but to also encourage a young owner into the business at only \$180,000 + GST if any. Price includes approximately \$100,000 plant & equipment.

If you are interested in owning this business, contact Mike today - visit [www.barkerbusiness.co.nz](http://www.barkerbusiness.co.nz), register your details & submit the online Confidentiality Agreement for reference #3618. Once Mike receives your expression of interest he will be in touch.
