Who would this fencing franchise suit?

Someone with landscaping, carpentry or building skills who has ambition theres plenty of room for growth.

Someone who has good people skills and is passionate about providing a great customer experience youll be responsible for responding to customer leads and the overall result for people who chose to use your services.

Someone who would like the knowledge and support of a large team of business owners the Jims Group Network we're apart of here in NZ has close to 30 other business owners offering related services all supporting each other and sharing ideas.

Whats happening within the business right now?

Currently the business is owner operated, with one part time employee who is keen to stay on with the right person, currently working 20-30 hours per week. The owner runs this business around his family, school drop offs, has been able to take 6 weeks holiday in the last 12 months while maintaining his personal income there is plenty of room either for growth or to create a lifestyle around your work.

The business is run from home.

What sort of services does the business provide?

Predominantly wooden fences, metal pool fencing, but weve also built decks, garden sheds and a pergola if you have skills and know-how, you can turn building a \$5-6k fence for a customer into significantly more, its as simple as asking the question.

How does the work come in?

Repeat business and referrals represent around 30% of the revenue of the business, the remaining 70% comes either through leads from Jim's Group or directly from the Google My Business Page, the page has great reach and plenty of 5 star reviews.
