

Pilates Business for Sale Queenstown

The go-to destination for those seeking a top-quality Pilates experience in Queenstown. With a loyal client base and a reputation for excellence, this turnkey business opportunity is poised for continued success and growth under new ownership.

Reformer Pilates, a burgeoning segment in health and wellbeing, is evident in the high demand for classes, often resulting in waitlists. Regrettably, the owner is compelled to part with this business still in its growth stage due to personal reasons.

The groundwork of finding and outfitting the site, creating a market presence, and assembling a capable staff, creating a strong social media presence has all been diligently completed. The next owner only needs to step in and allow the established growth trajectory to persist.

Strategically located in a prime location, the studio boasts a premium interior designed fit-out and state-of-the-art reformers. The small size of the studio allows for meticulous attention to detail setting it apart from larger, more impersonal fitness establishments.

Buy a beautiful business and create a lifestyle you love in the picturesque Queenstown. The studio is set up and ready to go, offering the perfect platform for entrepreneurial success in the thriving Pilates industry.

With the capacity to expand there is considerable potential to elevate this business well beyond its current turnover.

Over 100 excellent 5 Star Google reviews and 3500 followers on social media.

The owner ensures continuous support and training, facilitating a smooth transition into this highly successful venture.

Included in the sale of this business:

- Established branding and reputation
- Fully equipped studio with modern amenities
- Highly skilled and dedicated team
- Client database
- Online platforms and booking systems
- Training and support for transition
