Well-Equipped Cafe with Great Turnover

There is no doubt that this is one of the best cafes around. The equipment has been well maintained and much of it has been replaced over the last few years. Furniture has also been updated over this period. It is a community favorite and continues to trade well, year on year. With sales in excess of \$1.2 million for 2024, this is not one to be overlooked. Great profit but as the current owner chooses not to work many hours in the cafe there are considerable savings to be made by reducing staff expenses. When times are tough, people can always afford to treat themselves with a coffee and cake and the great turnover is testament to this.

Owner wants to relocate and is keen to get a sale underway.

Looking for a top cafe? Don't pass this one up

Very lucrative business that has traded since 2009. This cafe has come through all that has been thrown at us over the last couple of years and the sales continues to increase year on year.

Significant investment has been made in updating/upgrading equipment and furniture.

Offering the usual cafestaples of cabinet food and a 'made to order' menu.

Definitely a customer favorite.
