

Food manufacturing business

Business poised for growth!

1. Auckland based with national distribution
2. Distribution channels including supermarkets and wholesale
3. Strong new product pipeline
4. Diversified product ranges

This has been a well-established business ripe for new owners to take it to greater heights. With all the hard work done in establishing new brands and products alongside well-known existing products, the financial performance is starting to show great results. With high barriers to entry and significant replacement cost of equipment, this is a perfect opportunity to acquire an iconic New Zealand business.

FY23

1. Total income \$8,144,127
2. Gross profit 13.51%
3. Total surplus \$624,435

Includes plant and machinery of \$850,000
