### Love action figures and other collectibles? Have I got a deal for you!

Love action figures and other collectibles? Have I got a deal for you!

During my years of collecting action figures I have experienced everything bad that could possibly happen. Because of this, I saw an opportunity to create a collectibles business with a difference.

Established in 2021, we stock Star Wars, Marvel, DC, Masters of the Universe, Predator, and more. We have spent the past two years establishing ourselves in the NZ market so you can take the reins and make it flourish having all the groundwork sorted. It's perfectly poised for someone to come in, take it to the next level, and reap the many rewards. Not to mention you get your hands on all the new figures!

Currently based in Christchurch but easily able to be run from anywhere, it's a perfect opportunity to get involved with this part time business that has the potential to grow into something much bigger.

Stock value is currently ~\$27,000. Sales for the past 12 month have not been as profitable as they would usually be as we have been selling off existing stock and not replenishing it. This largely being due to no longer having the time to invest into the business.

If this sounds like something you'd be interested in, please get in contact.

### Business Resources

Website and stock included. Happy to train the new owner on how things work.
