

Eye Protection Business for Sale Masterton

Great business opportunity for someone good at sales and marketing into the international markets.

We have designed and manufacture a range of Mesh Safety eye protection. They are all safety approved in various countries and there is nothing of the same quality in the world right now. We have a reseller and distribution network set up and running for many years in NZ. There is a great opportunity for someone good at marketing to take these to the global market.

Business Resources

All tooling is located in Wellington. We have very good relationships in place with our mesh supplier, packaging manufacturing and product manufacturer.

We are currently carrying approx. \$20k worth of stock, included in the sale.

Tooling replacement value is approx. \$80k
