Vending Machines for Sale with Location / Revenue Benchmark in Wellington

Thinking about expanding your vending machine operations or exploring a new business opportunity? We've got you covered!

We supply brand-new vending machines and help with finding locations to place the vending machines.

This package consists of:

- New, durable vending machines
- Help with securing suitable locations
- 24-month warranty for the vending machine
- 180-day location warranty
- Performance tracking through Location Revenue Benchmark
- Training and continued support

The Location Revenue Benchmark outlines the expected revenue target. If the benchmark is not met, we will source another location at no additional cost to help achieve better results.

We offer assistance in connecting with suppliers and navigating product sourcing as part of your purchase.

To learn more about our vending machine and location business package, feel free to get in touch, and a staff member will follow up with you.
