Asking: **\$360,000**
\$360,000 including \$120,000 in stock
Type: **Manufacturing / Wholesale/Distribution**

Simple Business

This well-established furniture store is located on a high-profile corner in a central industrial area. Designed with a warehouse-style layout, it features a prominent logo that's easily visible to passing traffic from a distance. With a total area of 1,111 sqm, the business includes a front showroom and a rear workshop - all under one roof. This integrated model reduces labour and time costs, and the store runs smoothly with just the owner and 1.5 staff members.

The business specialises in imported furniture and home decor, with some bed frames manufactured in-house. The product range includes sofas, dining tables, coffee tables, beds, wardrobes, as well as accessories such as decorative items, chandeliers and rugs. This provides customers with a true one-stop home solution.

Built over more than a decade, the business has developed a loyal customer base and enjoys an excellent reputation in the industry, reflected in a strong 4.5-star Google rating.

Despite the challenges in the retail sector during the 2025 financial year, the business achieved actual retail sales of \$934,477 including GST. As interest rates begin to ease, turnover is steadily recovering. The current owner is reluctantly selling due to family reasons, making this a rare opportunity to buy in, at the bottom of the market.

Asking price \$360,000, including \$120,000 in stock.
