**BUSINESS SALES**

## Semi-managed \$500K + RWO 20 hrs/week Beauty Ind.

This Beauty Industry business is at the top of its game, established over 12 years ago out of a passion for offering high-quality professionalism and care in an industry where there were clear gaps, this business has not only thrived but grown into the leader in the market with multiple strategically placed high-end outlets.

The owner has a management structure that affords time... each manager is responsible for her team, the owner operates an averaged 20 hours a week in an overseeing role, not on the tools as such.

You'll be hard pressed to find a 20 hour a week business with a staggering return of \$500,000 + for the owner.

The business is scalable, the locations are in high-traffic areas offering their discerning clients the ultimate in luxury and style, hence the repeat business is a given.

"It's time for a change and new directions", the owner has plans for totally new ventures outside of the industry so there is absolutely no fear of a healthy Restraint of Trade, the owner is more than willing to offer an extended Vendor Assistance period as needed.
