Coresteel Buildings Dunedin License - Take Control of Your Future

Are you a seasoned construction professional ready to lead your own operation?

Coresteel Buildings is offering an exclusive license opportunity for the Dunedin region - and we're looking for someone with the experience, drive and vision to take it to the next level.

As a Coresteel licensee, you'll operate independently, supported by a national network and world-class systems. You'll benefit from innovative, patented technology like DonoBeam and the Bracketless Portal System - enabling faster, more cost-effective, and aesthetically superior steel buildings.

Our in-house Design Station team provides complete engineering and detailing support. With national marketing campaigns and direct supply agreements (including NZ Steel), Coresteel delivers a powerful competitive edge.

Join a growing network with \$300M+ in annual retail turnover and transform the way Dunedin builds commercial and industrial projects.

This is more than a business - it's your future. Channel your expertise into building a scalable, asset-driven enterprise backed by New Zealand's most innovative construction group: Donovan Group.

Enquire today to secure your territory.
