Quality Metal Fabrication Services

This business provides stainless steel and aluminum cutting and folding services, along with fabrication and welding services. It is an owner operated business located in Tauranga in the Bay of Plenty. The majority of it's work is business to business with a small amount of business direct to consumer. Features and benefit's of this business are as follows:-

- * Started by the current owners in 2019.
- * Owner operated with no staff to worry about.
- * 80% of revenue is from business to business transactions.
- * Very low working capital requirements due to no staff and very little stock required.
- * Currently on a flexible month by month lease enabling a new owner to relocate if desired.
- * High quality late model plant and equipment enabling reliable production and on time delivery.

After 21 years in the industry the current owners are looking at a change in direction. This business would ideally suit someone currently employed in the industry who is looking to go out on their own. Alternatively it would suit an existing engineering business looking to add cutting and folding equipment and services to their operation.

If this opportunity appeals to you please contact me for more details.
