## For Sale

Location: **Northland**  
Asking: **\$525,000**  
Type: **Services-Other**

### Highly Profitable Plastering Business Bay of Islands - Market Leader

This Kerikeri plastering business has been around for over 30 years, and in that time, it has come to dominate the local exterior plastering scene (in both residential and commercial customer markets).

Few (if any) genuine local competitors remain, meaning that the business has significant forward work at any time, and gets nearly all of the work it quotes for. Overheads and costs are low too, resulting in impressive profits! Additional opportunities exist to grow the business further.

The current owner intended to operate the business for some years to come, but an unexpected health issue has meant they need to sell much earlier than expected. As a result, the business is priced attractively for a quick sale, at a generous discount to what the owner might have asked in different circumstances.

There is a genuine opportunity here for someone to set up their future (and in the beautiful Bay of Islands area).

This business will sell quickly, so if you have a background that might suit this business, don't delay.
