Gelato & Dessert Cafe - Fun to visit, fun to run

Here's a chance to own a gelato and dessert cafe franchise right here in New Zealand. With an inviting atmosphere, your cafe is designed to be a joy for both customers and owners alike. The franchise opportunity comes complete with a stunning fitout, all the gelato making equipment and comprehensive training, so you can hit the ground running.

Bocky cafe's are a delightful spot for dessert lovers (who isn't!!) and each cafe so far has generated an impressive annual turnover. The full setup ranges from \$200,000 - 300,000, depending on the specific site selected. You're not just purchasing a business; you're investing in a fun and rewarding venture that you can truly be proud of. It's a great feeling being able to take your friends and family to your own dessert cafe after dinner!

You'll also be joining with a group of franchisee's who have fun together and enjoy helping each other out.

Chris, Ruth and their family love working with people to help bring dreams alive.
