

Flowers Auckland Florist shop, 25yrs+, Eastern/South Auckland. Get in for the busy summer months

Owner operated Florist Business in a great location, huge premises which is available for new owners if required. Well known, with a very good online presence without paid advertising, huge potential for added turnover. Very handy to the new Flower Markets. Huge database available. May consider the selling of the online business only, however as this is where 80%+ of the income derives from, the price will be adjusted accordingly. Reason for selling up is simply, after my 25years, (and my age) it's time to step back and to enjoy the extra time selling will give me I will

Business Resources

A fully setup Florist Retail shop, including showroom, workroom, office, kitchen and storage. Very reasonable monthly rental, with possible flexible lease options. Included are 2 double door Skope fridges with 1 still under guarantee
