E-WASTE & DATA DESTRUCTION
Auckland

E-Waste & Data Destruction. Working Owner Profits \$331,000+

On offer is an experienced team and very capable general manager. The incoming owner would ideally fill the role of the exiting owner, in sales & business development. Alternatively, fill that roll externally and you have a fully managed business.

With no marketing spend currently in place, the business still continues to grow its topline revenue & bottom-line profits. A purchaser bringing marketing skills should be able to build on the substantial customer base & take this growing industry to the next level.

An incoming purchaser should expect a solid handover from the outgoing owner, with ongoing support.

Business Highlights

- FY25 working owner profits of \$331,000+
- FY25 revenue of \$1,779,000+GST
- 26% year on year profit growth
- Great website - lead generator
- Fantastic Google reviews
- Consistent / reliable team in place
