Bream Bay Based Landscaping Gem - Well-Established & Scalable

This established and well-regarded landscaping business has built a loyal customer base across the wider Whangarei region and surrounding areas. Known for its reliability, quality service, and tidy results, the business focuses on soft landscaping and garden maintenance, with regular ongoing work from repeat clients. Given the widespread client base, this business could be operated from Mangawhai, Kaipara & Whangarei areas.

Currently operated by one owner with the support of trusted contractors, the setup allows for both hands-on work and flexible scaling depending on demand. There's a solid foundation in place - from strong customer relationships and efficient systems to operational tools, quality gear and clear documentation to ensure a smooth transition.

While the business doesn't offer design services, it's perfectly suited to someone with complementary skills in hard landscaping, garden design, or lawn mowing services. In fact, a motivated buyer could easily add value by expanding into those areas or absorbing this operation into an existing business to widen service offerings and client reach.

There's a healthy work-life balance on offer here, with the owner typically taking a four-week summer break and two additional weeks during the year. The asking price includes approximately \$65,000 worth of equipment and \$2,000 in stock.

Asking: \$225,000

Whether you're growing an existing business, stepping into self-employment with a strong base, or looking for a lifestyle-friendly opportunity with potential, this is a tidy operation worth exploring.
