DUFFLE & CO
Home based, easily relocatable to anywhere in NZ

Duffle & Co. Home Based & Relocatable - Profits \$114,000+

Duffle & Co was born back in 2015 from a simple idea - to support displaced artisans and their families, and ensuring their timeless, handcrafted bags and accessories would find their way to people like you and me.

Fast forward 10 years and they're a well-known brand with a great reputation, selling to over 300 loyal corporate clients and countless more. Duffle & Co's focus on ethical production and responsible sourcing is the cornerstone of their business model, and something they've stuck to since day one.

'Authenticity is the greatest luxury'

Duffle & Co is a simple business to run requiring just 15-25 flexible hours per week, all from the comfort of your own home. Their products are mostly made to order, allowing the business to run lean, and means you'll still have the garage available! The business has implemented modern systems and processes as they've grown, resulting in process automation, reduced overheads and increased margins.

This is a side-hustle business, making it the perfect fit for someone requiring flexible hours and a balanced lifestyle. Being passionate about making a positive social and environmental impact is vital!

Finding an established, sustainable brand, achieving strong profits from minimal hours is like finding a needle in a haystack....this won't be around for long!
