Design, Soul & Commerce in Harmony

Design, Soul & Commerce in Harmony - A Rare Interiors Business Opportunity

Central Auckland | Discreet Sale

On one of Auckland's city fringe, character-filled retail streets, behind a light-filled window framed by slow afternoons and inspired textures, lives a business where European design, storytelling, and retail theatre come together.

This is not just a furniture store.

It's a curated world - crafted over a decade by owners who understand not only form and function, but feeling. It is where design lives, and where clients return - again and again - to refine their spaces, their mood, their lives.

Now, this refined interiors business is ready for its next chapter.

With exclusive distribution rights to celebrated European brands, an award-winning shelving system adored by architects, and a retail showroom that doubles as a canvas, this business holds presence, prestige, and room to grow.

Add to that:

- * A boutique consultancy and home staging division with high-touch service
- * A loyal clientele across residential and trade
- * A growing digital and wholesale presence
- * And a location that offers both daily foot traffic and destination appeal

This is a rare acquisition that blends aesthetic legacy with business fundamentals. FY2023 and FY2024 were the business's most profitable years to date. FY2025 reflects a transitional year, where reduced marketing and early succession planning created softer trading - but the foundations remain steady,
