* Exposure to diverse regional demand reduces reliance on a single market.

* Future Growth Potential

* Expand recurring maintenance contracts and high-margin civil and mechanical projects (E4M).

* Opportunity to introduce adjacent services like solar, EV charging, and energy efficiency solutions.

Why This Opportunity Stands Out

This is a rare acquisition combining profitability, scale, and forward visibility in a sector that is both essential and resilient. With systems, people, and pipeline all in place, it delivers strong immediate returns and multiple avenues for further growth.
