A unique opportunity to buy a successful Therapeutic Massage business with a well-established brand

1. Business has been largely massage therapy (offering a variety of treatments from relaxation to remedial, aromatherapy and manual lymphatic drainage), however we have also shared with complementary health practitioners.
2. Has an outstanding reputation through existing client referrals and social media presence.
3. Has a significant website presence (due to 17 years of operation).
4. Database of 7300+ clients at present with many regular clients.
5. Huge possibility for growth with other modalities supporting each other.
6. Was the largest stand-alone massage therapy clinic in Hawkes Bay.
7. Due to personal circumstances the owner had to move out of the premises in Taradale but is still keeping the business 'alive' by working in a reduced capacity at home.

Business Resources

1. All assets available-laptops, furniture, massage tables, pillows, linen etc.
2. Have moved out of premises but some local availability of places to lease.
3. One staff member may be available as a contractor.
4. All systems available including appointment system, website, domain name, graphic designs, loyal client database.
5. The owner is willing to assist with takeover and mentoring (if desired) for a hand over period to be negotiated.
