

Agricultural Manufacturing Business for Sale Palmerston North

Don't miss this rare opportunity to acquire a proven, profitable, and export-ready agricultural manufacturing business

This is a trusted, family-founded brand known throughout New Zealand and Australia for its power-free, durable, and farmer-designed sheep and cattle handling equipment. With over two decades of operational history, it has evolved from humble beginnings into an export-ready manufacturing business with loyal clients and strong brand equity.

Products are built with practical on-farm needs in mind—designed by farmers, for farmers.

What's On Offer

Power-free sheep and cattle handling systems

Fully systemised, low-overhead operation

Exclusive wholesaling agreement with one of Australia's largest rural supply companies

Turn-key management with GM and an experienced team in place

Global-ready brand with solid infrastructure

Long-term customer relationships and a strong reputation

Strategic Advantages

1. **Operational Autonomy:** Minimal owner input required
2. **Exclusive Distributor in Australia:** Seamless support from one of Australia's largest rural supply companies
3. **Resilient Business Model:** Proven performance across economic cycles
4. **Growth Potential:** Scalable across international markets

Reason for Sale

After 22 years of growth and success, the founding owners are ready to step back. With key roles transitioned to a capable General Manager and team, the business is ready for new ownership—hands-on or hands-off.

Ideal Buyer

This business suits:

1. Agri-tech investors
2. Export-savvy operators
3. Manufacturing or rural industry acquirers
