

Tattoo Removals Business for Sale Ponsonby

Absolutely — here are a few short, buyer-enticing options (all under 20 words): Turnkey opportunity in premium location — start earning from day one.

THIS owner-operated clinic specialises in professional tattoo removal using advanced laser technology. It serves a wide range of clients from across Auckland, with strong demand for cosmetic and corrective removals. Located in a high-profile suburb with excellent visibility, the business offers growth potential through extended hours or additional services. Fully equipped and easy to run, this turnkey opportunity is ideal for an operator or investor. The owner is willing to assist with full training and a smooth transition.

Business Resources

Here's a polished version of your **"Resources"** section under 80 words, based on what you've shared:

Resources include a medical-grade laser, a medical-grade pain minimisation device, modern clinic furnishings, and a well-presented treatment space. The business runs a client management and booking system with a live online interface via its website. Minimal staffing is required, with one contractor in place. The owner is willing to assist with training and provide a smooth transition to ensure operational continuity.
