PRIMARY SECTOR - SERVICE-BASED
Rotorua

Primary Sec | Service-based. Working Couple Profits \$430,000

The business is currently making profits of \$430,000 to a husband & wife team.

It would ideally continue to be run in the same way. With the addition of an administrator it could be run by a single operator. With multiple revenue streams & good balance of being in the office & being out in the field, there is flexibility for the incoming offer to define their role.

With 2 years of forward work locked in with a key customer, the purchaser just needs to focus on executing the work to a high standard. An ideal person is organised, practical, good at managing people & likes the outdoors.
